

<Israel Destiny/>

Mobile Developer · React Native

destinyprogrammer06@gmail.com | +234 815 321 0993 | Lagos, Nigeria | github.com/DestinyEnder16 | linkedin.com/in/destiny-israel

// SUMMARY

Mobile Developer specializing in React Native and cross-platform app development, with a strong frontend engineering foundation and applied data science skills. Currently in the Mobile Track at Rise Academy (Risevest) and pursuing a B.Sc. in Statistics at the University of Lagos — combining mathematical depth with hands-on engineering to build practical, real-world software.

// EXPERIENCE & TRAINING

Mobile Track — Rise Academy Jan – Dec 2026
Risevest
Selected for Rise Academy, a free intensive program by Risevest. Building production-quality cross-platform mobile apps with React Native in the Mobile Development track.

Scholarship Recipient Sept 2025 – Present
Cedars Productivity Center
Awarded full access to DataCamp's data science and analytics curriculum; completing tracks in Python, Data Science, and Machine Learning.

// EDUCATION

B.Sc. Statistics Oct 2023 – Present
University of Lagos
Coursework: Probability Theory, Non-parametric Analysis, Statistical Methods, Linear Algebra.

// CERTIFICATIONS

Supervised Machine Learning
Coursera — Dr. Andrew Ng
Regression, classification, gradient descent, and neural network fundamentals.

Responsive Web Design
Udemy
Semantic HTML5, modern CSS3, Flexbox, Grid, responsive patterns.

// SKILLS

Mobile
React Native Expo Redux Toolkit Kotlin

Frontend
JavaScript TypeScript React.js HTML5 CSS3
Vite

ML & Data Science
Python Pandas NumPy Scikit-Learn Seaborn
Matplotlib

Tools
Git GitHub VS Code REST APIs

// PROJECTS

CryptoApp (tMinus1)
React Native app to track crypto assets in real time. Expo SDK 54, Expo Router, Redux Toolkit / RTK Query.
github.com/DestinyEnder16/cryptoApp

Crime Data Analysis — LA
Exploratory data analysis of Los Angeles crime incidents using pandas, seaborn, and matplotlib.
github.com/DestinyEnder16/Crime-data-analysis

Finaze Web App
Personal finance web app for tracking spending and budgets with a modern dashboard.
webcoder-finaze-application.netlify.app

Quiz Game
Interactive quiz app with categories and scoring, built in vanilla JavaScript.
quiz-game-ruddy-nine.vercel.app
